### Teens have plenty to do, such as helping their parents

I read Jim Tantalo's article, "Ho hum, Canton's teens are bored," and would like to disagree.

I would think that teens would have more to do: help their parents, grandparents, or do some volunteer work, or help with community activities or have a part-time job. I feel that most teens nowadays are given too much, too early, and don't use their intelligence.

I can't believe that kids are that bored.

### Bored Canton teens should get a life, not complain

The real reason that Canton's teens are bored is that they have it too good. Everything is handed to them on a silver platter. Life is always boring when you don't do anything. The unhappy teens need one thing - a life.

### \$7,000 too much for Friendship Center's new phones

I can't believe that the Senior Resource Center needs \$7,000 in phones. That's seven thousand.

What is it - the FBI center or the Friendship Center? That's a lot of money we could use to build a city hall or elsewhere.

### Caller blasts low turnout in Wayne-Westland election

Yesterday's [Monday's - Ed.] The voter turnout was pitiful. The winner in one of the largest districts in the state could only get about 850 votes. That's 850 people elected to spend \$100 million budget and spend a \$108 million bond.

### Ben E. shouldn't shave his much-discussed beard

I don't think that Ben E., from Ben E. and the Jets Band, should shave his beard. It's famous, not infamous.

## Lambert, Dick win school races

By AL POST  
MCN Staff Writer

### Looking to future

Debbie Dick

A light voter turnout on Monday elected two city officials, Police Officer Alan Lambert (a former city councilman) and Recreation Director Debbie Dick to the two soon to be vacated Romulus School Board seats.

The two will replace incumbents President Julie A. Oleszkowicz and Trustee Judith A. Gondek, who will be stepping down after a final board meeting later this month.

The campaign featured few major differences between the candidates on issues of concern to the public, thus the scant turnout of 1,116 voters occurred and the two candidates with the best name recognition won.

Ironically the rumor that Lambert, who has had dreams in the past of running for mayor, resurfaced midway in the school trustee race. Numerous election watchers said Lambert was using the school board race as a trial run for a future run for mayor.

Lambert said he too heard the rumors, but discounted them since he has no plans at the moment other than to serve on the Romulus School Board.

The heaviest contributing factors to both Lambert's and Dick's wins were their almost insurmountable absentee ballot totals.

Lambert polled 181 and Dick attracted 165 votes in the absentees, well ahead of Sheri Hicks, 104, Eddie Woods 62 and Theodore Armstrong's 43.

The unofficial totals for all the precincts were as follows: Lambert, 541; Dick, 506; Sheri Hicks, 376; Eddie Woods, 366 and Armstrong, 100.

Complaints by some residents of a possible conflict of interest against Dick (because she serves as a city department head) apparently did not concern the majority of Monday's voters.

Dick on Tuesday morning expressed concern over the small turnout of voters, but "thanked everyone who took the time to vote on Monday."

Lambert also had some concerns about the low turnout, but wanted to thank those who took time out to vote and also said it "was an honor to run on a ballot with other quality candidates, who stuck to school issues rather than digging up personal matters against their opponents."

He urges the unsuccessful candidates this year to consider running again next year.

The newly elected board members will assume their trustee seats at the July 13 meeting. No major changes in

district direction or policy appear in the offing.

One issue -- the signing of a teacher contract -- appeared to be a strong matter with several of the candidates. But top school district leaders feel those statements may be tempered somewhat when Lambert and Dick see the actual financial breakdowns on the salary issues.

Other matters facing the new board will be: how to improve student access to scholarship funds statewide and nationally, future growth of any teamwork between the city and school district, amount of support for a new city pool-recreation department complex and in a few years the appointment of a successor to Superintendent Dr. William Bedell.

Long time trustee Howard J. Kesner will become president of the board in July. He backtracked somewhat prior to Monday night's meeting as to whether he would retire at the end of his current term in 1999. "There may be some surprises," he said at an informal gathering in Bedell's office prior to the results of Monday's balloting were announced.

After winning re-election three years ago, Kesner had said he would retire from the board in 1999 the same year his youngest daughter graduates from Romulus High.

## Grads get tickets to future

By AL POST  
MCN Staff Writer

One hundred and 69 graduating members of the Romulus High School Class of 1998 heard Valedictorian Becky Oleszkowicz declare that the diplomas they were to receive Saturday were their "tickets to the future...so hold on to your aspirations."

The graduates and their families gathered at the school's commencement ceremonies to remember the past 13 years of school life, to honor those whose dreams of graduation were fulfilled and to explore the future of all involved.

Oleszkowicz reminisced "What a 13 years it has been. Together we've seen our country at war, we've seen presidents - and their scandals - come and go, we've watched the development of technology in our community, perfected our Hanna notebooks, gained and lost friends."

She added "our presence here today is the culmination of these experiences. Our graduation is not an ending, but a bright beginning for the futures we have chosen for ourselves. Hold fast to our aspirations -- the future belongs to those who know the beauty of their dreams."

Becky Oleszkowicz

The valedictorian also paid tribute to the parents of the graduating class "for their dedication to our success -- we are a living testimonial of your hard work. Behind every great dream is a great person; but behind every great person are really great parents. We never would have made it here without you."

She then concluded her talk by invoking the class motto "The longest journey begins with a single step..."

ceremonies were Principal Dan Hurst, Superintendent Dr. William Bedell, School Board President Julie Oleszkowicz, Assistant Principals Melvin Kimbrough and Douglas Hoffman, class advisor Rosalie Berlenn and 1998 Class President Amber Long.

In addition the class' four salutariorians Nicole Laskaska, Megan Gilliland, Lindsay Ryznar and Amanda Williams were honored.

The Romulus High School Band opened the ceremonies with *Pomp and Circumstance* and concluded the activities with *Ceremonium*.

## Accused drunken mom had small child on lap

By AL POST  
MCN Staff Writer

An apparently intoxicated 29-year-old mother was arrested by Romulus police recently while reportedly traveling 90 miles per hour on Route I-94 with her 18-month-old son seated on her lap, Romulus Police Lt. Eric Painter revealed last week.

Painter said the arrest was

made while local police were taking part in a national air bag and traffic safety program.

Also emphasized during the crackdown were seatbelt and child restraint device use, he said.

From May 18-25, Painter reported in a press release, 47 Romulus officers issued 47 citations for failure to use seat belts and eight for not using child restraint devices.

The above listed woman was tested and reported to have a .14 blood alcohol level. Police said .10 is considered legally intoxicated. She was issued tickets for drunken driving, failing to wear a seat belt and failure to use a child restraint device.

Police also distributed 1,000 seat belt use pamphlets during this safety period, Painter said.

Betty Lou Proctor of Westland won \$10,250 last week in the televised "Road to Riches" program sponsored by the Michigan Lottery.

Proctor, 44, said she will use her winnings to give her home a facelift including new windows, siding, etc.

The Garden City Public School District teaching assistant first tied two other players at the \$900 level in the initial part of the program, then advanced to where she was selected to seek the top prize. She won \$10,000 and also collected \$250 in what is called "confetti cash."

Feeling she would be selected to appear on the TV show, Proctor brought along various good luck items such as "a lucky coin from Greece, a troll ring and "good wish" notes from special people in her life.

In her spare time, Proctor likes to ride bikes, walk and cross stitch.

Woodcarver wins \$1,000

By AL POST  
MCN Staff Writer

A 54-year-old Inkster wood carver and drum therapist won \$1,000 in the weekly Michigan Community Newspapers contest.

The winner, Mel Turner, who has lived in Inkster for the past decade, said his wife, Joyce Jean, called his attention to the fact that his phone number was printed in the auto ad section of the MCN last week.

To win all Turner had to do was call the MCN office at 729-4000 to register as a contest finalist. The rest was luck as he then was selected as the week's winner.

Turner, who lists himself as self-employed, said he works with children between the ages of 10-17 teaching them how to carve, play drums and gain pride and self esteem.

He also operates a book store, Afro-Sol Inc., where he sells out of print books, as well as Western American and Western African books and publications.

He and his wife have four children, including Sonny, 21, who still lives at home.

Turner plans to buy his wife a present and then invest the rest.

MCN Publisher Mike Wilcox gives reader Mel Turner a \$1,000 check for reading this paper.

# Super Sandwiches offer great deal on food

By JENNY JOHNSON  
MCN Staff Writer

Tired of greasy hamburgers and french fries? Where can you go for a quick, good lunch at a reasonable price?

The answer is Souper Sandwich Carver, 888 Wayne Road in Westland, just south of Cherry Hill. The restaurant will specialize in giant sandwiches and homemade soups.

Chris Hatzilias and his three children, Lucy Biggs, Louie Hatzilias and Florine Wagner will serve sandwiches on giant Kaiser rolls piled high with eight to nine ounces of professionally carved turkey, ham or roast beef.

At just \$3.95 per sandwich, Chris said they are big enough to feed at least two people.

Especially when you couple it with a delicious cup of homemade soup. You can choose from Turkey Rose Marina, beef vegetable or northern bean and ham for \$1.50 a cup or \$2.75 a quart.

The soups are thick like stew, he said.

"We will have fast service but not fast food," he said.

Chris will bring his exper-

tise from owning restaurants from 1966 to 1982 and as the original chef at Hawthorne Valley in Westland and Rex's in Wayne, to Souper Sandwiches Carver.

The restaurant will have dine-in, carry out and drive thru service. You can also call or fax ahead your order. Their phone number is 326- 7910.

Their hours will be 10 a.m. to 7 p.m. Monday through Saturday. They will be closed on Sunday.

## McCabe Funeral Home begins book drive

In an effort to meet the rising need and reduce the shortage of books for children in the community, McCabe Funeral Homes is launching "Stand by Me," a charity drive designed to assist the Canton Goodfellows in their need for books.

The book drive, which is a part of McCabe Funeral Home's yearly involvement in a charitable cause extends from Memorial Day to Thanksgiving Day.

Books for all ages are welcome and people can drop off new or used books daily at McCabe Funeral Home's Canton location at 851 Canton Center Road, between 9 a.m. and 6 p.m.

"Reading is an important habit that can be more easily learned when one is young. No child that needs to read should be deprived of this enriching experience due to financial or other constraints," noted Kevin McCabe, chief executive officer of McCabe Funeral Homes.

"This book drive is an opportunity for us to show our commitment to the families in our community. By providing the learning resources when

they are young, we can give a headstart in life."

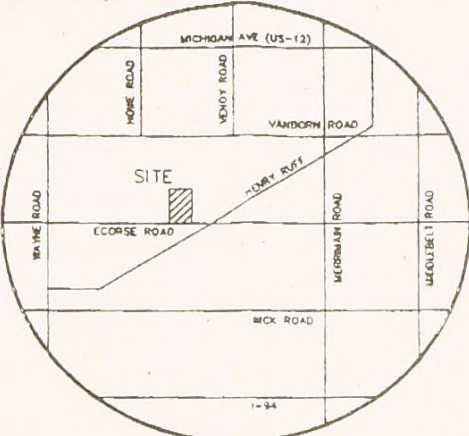

"I am very grateful to Kevin McCabe for implementing this program," said Nancy Spencer, president of the Canton Goodfellows. "We never have enough books for the children in our community. A book can take you places you have never been before, and improve a person's knowledge, imagination and vocabulary."

The Canton Goodfellows assist low-income families in the community by distributing books to children and ensuring that there is no child or family in Canton that goes without a gift and food to eat during Christmas.

Since 1893, four successive generations of McCabe's have served the community's funeral service needs. With chapels in Canton and Farmington Hills, McCabe Funeral Home is a member of National Selected Morticians, an international association of privately owned and independently opened funeral homes and morticians.

## Voters make wise choices in school board elections

Two school board presidents went down to defeat in the Wayne-Westland School District. Controversial former president Trish Brown lost her second straight election as she finished dead last in a three-person race. Finishing second was current school board president, Debra Fowlkes. Despite enormous efforts on the campaign trail both ladies went down to defeat to newcomer Teresa Robbins.

In my view, Robbins was the best choice. Although not a part of the political establishment, Robbins will work hard, in a typical non-confrontational style to get things done. She has been a keen observer of the school board and her heart thinks kids first, and all other items second.

In Van Buren more people went to the polls than in any other Wayne County school district. That spells "hot." And the fireworks were a blasting on the campaign trail. Winners, by a wide margin, were the pro-administration duo of Susan Ward-Callahan and David Peer. A 250-vote margin saw the sinking fund millage pass. This was the first millage voters have said "yes" to in four tries.

I, again think voters were wise to finally pass the latest millage proposal. This "stripped down" version will give the school district the essentials it needs to build elementaries and fix-up other buildings without adding frills that voters rejected in the past.

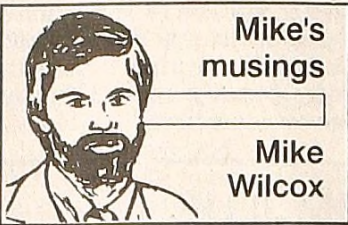

It's the time of year when summer festivals headline the calendar of many local communities. Here in Western Wayne we are fortunate to have two huge festivals scheduled for the weekend of June 19-20-21. The Belleville Strawberry Festival is known far and wide as a premier event. Thousands of people pack the small town of Belleville this weekend to partake in games, rides, refreshments and literally, hundreds of craft displays. But the highlights of each

festival are the large parade that meanders through the downtown streets and the queen's pageant that selects one talented area girl to reign over the festivities. If you've never been to this festival I highly recommend it as a great time.

When you're done in Belleville take the short drive to Canton's Heritage Park on Canton Center Road. Here is the sight for another huge family festival. Called the Canton Liberty Fest, this good time includes an amphitheater with headliners around the clock, a mini-midway, a civil war encampment and The Taste of Canton which features food from nine local restaurants. Over 50,000 people are expected to attend Liberty Fest, with nearly 25,000 attending the Saturday night fireworks. Honest, you won't want to miss out on this festival.

I've often wondered it was a good idea to wear headphones while walking or jogging. With your mind turned to what is blaring in your ears, one often thinks of nothing else. You certainly cannot hear the sounds that emanate around you.

For Primest Burton of Wayne wearing headphones with music blaring spelled death. The 19-year-old was run over by an Amtrak train while walking on the track with headphones in place. The train engineer claimed he pulled the train whistle several times but Burton did not hear. What a tragedy. I hope teenagers will take note of Burton's death and do two things-stay off railroad tracks and if you must wear headphones keep the music tuned down.

## 'The Truman Show' could change your life

I have high hopes for "The Truman Show": I hope it will be this generation's *Catcher in the Rye* or *The Feminine Mystique*. By this I mean that it's powerful message will change lives.

If you wonder why I compare this movie to two fifties books, it's because 40 years ago, books could still change your life.

Feminism wouldn't have happened when it did if it weren't for *The Feminine Mystique* or *Peyton Place*, two books that, for better or worse, gave a hopeful vision of a different kind of life to bored housewives in the 'burbs - or so they say. (It's hard for a guy to know for sure.)

But I do know that *Catcher in the Rye* changed the way boys thought and behaved in the fifties and early sixties. It's rejection of fifties conformity and polite public language inspired the rebellion against the *Leave it to Beaver* norms that us nostalgia buffs revere.

Though great books, like last year's *American Pastoral*, are still written, they no longer change lives because too few people take books seriously. Popular books are now read purely for entertainment or escape. It's the age of Ann Rice and John Grisham.

Popular movies, from *Casablanca* to *Titanic*, of course, have always been entertaining and, at best, moving. That's why we love them.

Now along comes "The Truman Show," which is entertaining and moving (so entertaining and moving that I won't ruin the plot, so read on). What's more, it contains new perspectives that I hope stimulate a lot of thinking about what controlled lives we

all live.

Here's the premise: a corporation adopts baby Truman and turns his life into a 24-hour television show. The rest of the movie is the story of Truman's discovery of his predicament, and his struggle against the show's creator to get out of this controlled world.

The audience I watched with cheered the fight and grew tense when the show's creator said, "We accept the reality of the world with which we're presented; it's as simple as that"; or plays hardball when Truman tries to escape.

This is how boys and young men used to react to *Catcher in the Rye*. They rooted for the hero as he fought fifties conformity.

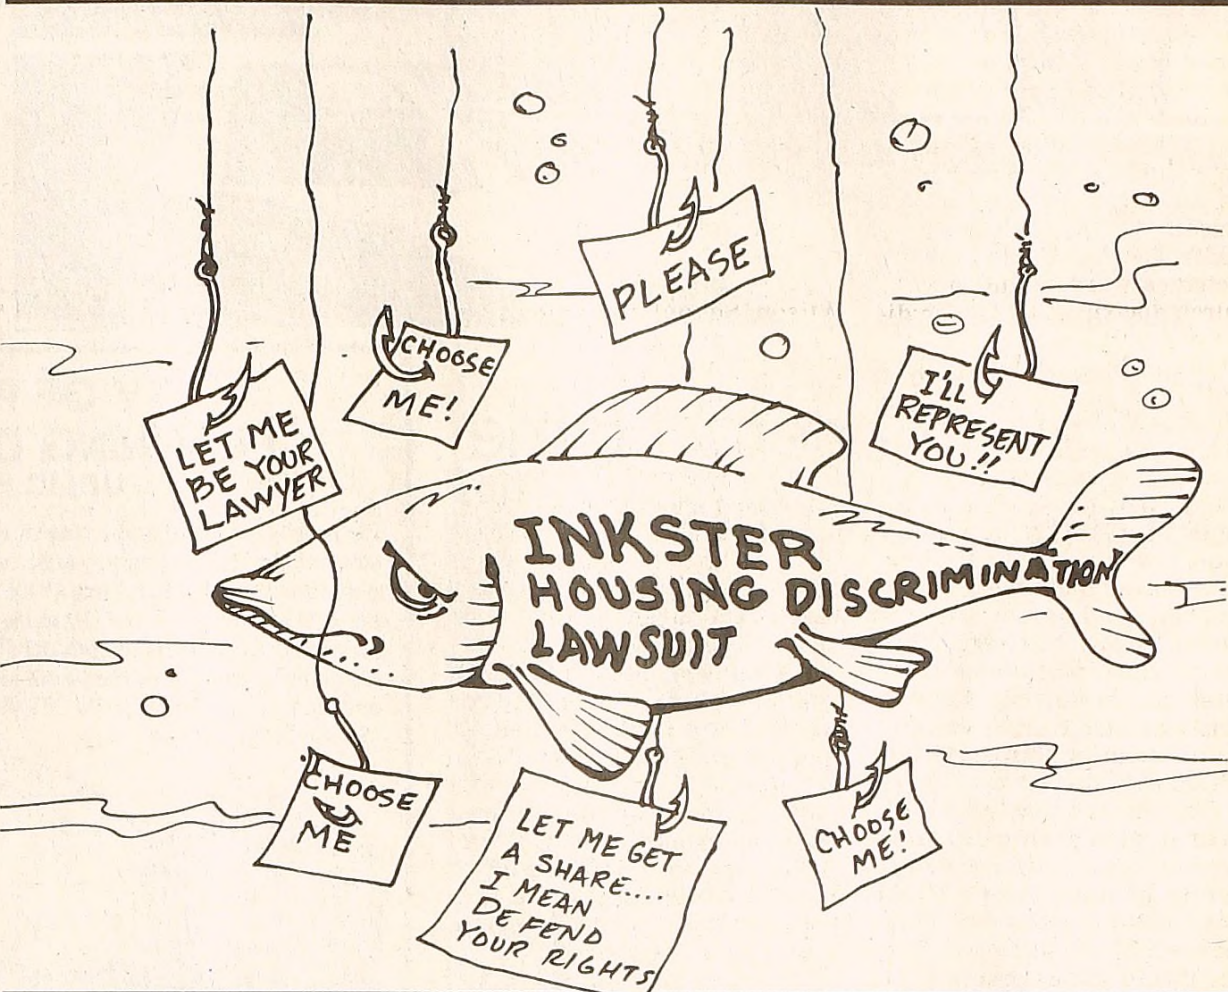

Though many don't realize it, the fifties were non-conformist compared to the nineties because fifties conformity was consensual. People conformed because their families, neighbors, employers, and teachers demanded it. Now hundreds of thousands of laws, mostly created by appointed judges and bureaucrats, require conformity and limit opportunities.

Truman shows the way out. In the theater, audiences are with him.

The test will be if the audiences carry on Truman's fight outside the multiplex.

## Play With Fire And You'll Get Burned

**Dear Percy:** My landlady just gave me the boot. I lived in her basement for the past 7 years. Always paid my rent on time, never hurt anything—basically a model tenant. On occasion she would frequent my bedroom for favors. I never minded giving the old maid what she was looking for. That is, up until I found myself a steady girl. All of a sudden my landlady went psycho on me. Took all my belongings and hacked them up. I have to take her to court now for restitution, which I don't mind. However, until then I'm a few coins short of sleeping in comfortable lodging. I work a regular job, but if you could spot me say \$400, I can get a furnished room for the next month and tread water. What do you say?  
Mr. S. H. ... *The Enterprise*, Lynnwood, WA

I can only hope you'll find it in yours.  
Ms. W. P. ... *The Republic*, Myersdale, PA

**Dear Ms. P.:** One person's junk is another's treasure. I'll strike a deal with you. Contact the Salvation Army in your area and allow them first crack at your basement gems. Thereafter, anything you have left, I'll pay to have removed. So much so, I've forwarded on \$380 now. If there's anything left over, please make a donation to the Salvation Army in your name. They were extremely good to the Ross family when I was growing up. Best wishes.

**Dear Mr. Ross:** I'm planning a small, intimate wedding to include my immediate family and very close friends only. You strike me as a man of good taste so I'd like your opinion on a matter. The chapel I've selected is simply gorgeous. One small hitch—it's a funeral chapel. I'm not a morbid person, and my husband-to-be is thrilled to be married here because it's so unique. It's my mother who is more worried what people will say because we're getting married in a cemetery. What do you think?  
Miss L. A. ... *The Times*, Forest Lake, MN

**Dear Miss A.:** I think it's your wedding and you should have the ceremony performed wherever your little heart desires. In fact, this could open up a whole new business for funeral chapels. Their motto could be, "We marry before we bury!" And although you'll want to be alone on your honeymoon, refuse the temptation to pitch a tent on the cemetery grounds after your wedding. There is such a thing as taking things too far.

## Teenage drinkers should suffer consequences

To the editor:  
So the kids signed a promise note not to drink spirits at the Plymouth-Canton prom, nine of them were caught. The consequences were to be exclusion from the graduation ceremony. Several things come to mind.  
First, we have nine very disappointed families who will not be there at what should have been a happy, memorable occasion. A sign of the times, we say.

Young people who put instant gratification ahead of everything. No thought of tomorrow, or of consequences or of the effect of the behavior upon other people.

Then, we have the shattered parents who cry that this is too severe a punishment. One mother who says that her son didn't see the statement of the pledge.

There are no excuses for defiance and outright disobedience. This careless behavior began long ago when the students were little tots. When they would not do as they were told, refused to do their chores: then later, refused to come home on time. There was punishment.

There is no lesson taught if there are no consequences. Children today are spoiled with too much freedom and too many rewards, not earned. Most are given too much and none of it is appreciated. Thus, there is disrespect and rudeness which carry over to the work force later on. Being grandparents, we see it very clearly.

## Poem time: Trees

To the editor:  
They are worthy specimens, also valuable accents anywhere  
The leaves in the fall remind me of the color of birds feathers

Sizzling raindrops vibrate the soil  
Spring brings maple syrup a glorious delight  
Squirrels fill their bins knowing winter is at hand  
Strong winds are ruthless convinces  
Freedom comes naturally as we look at the elegance of a tree  
A shady tree lifts the spirits  
Olive trees are known to have lived 2,000 years.  
I like my soul am entranced by this miraculous image.

## Truth will prevent churches from backsliding in oblivion

To the Editor:

Fellow Christians, I realize this is a "hard message" but the truth must be told with hope that is will stop our churches and America from backsliding into both spiritual and physical oblivion. The "hard message" I now bring to you is from documented Biblical and church history record. Our Lord Jesus gave us parables which teach against any attempt to continue Old Covenant doctrines or attempt to combine or include them in the doctrines of the New Covenant. Apostle Paul wrote an entire letter rebuking

those who would attempt to do so in Galacia. We, therefore, know that along with other New Covenant scripture guidance, that

any attempt to do a combination is a "no-no" of the highest order!

## Letters

Continued from page A-4

These Biblical instructions were strictly adhered to - so far as history records - until after the state church was established in 325 A.D. Then, under the "doctrine of infallibility" the leader of the church exercised authority that exceeded that which was exercised by the apostles - or even Christ himself.

If fact, several Old Covenant doctrines were included with church doctrine that was in direct opposition with this Biblical doctrine. Several have continued in our latter day church: (A) Tithing or taxing. (B) The burdens of more and more extravagant meeting places, and the exorbitant incomes of many of the church leaders who claim to be 'servants of God' but whose 'fruits' clearly show they are servants of men, mammon, or their bellies. (C) The inclusion of completely pagan festivals, such as Christmas and Easter, that after the 'whitewashing' of the 'infallibility brush' became a part of church doctrine. (D) Several other church doctrines from the dark ages continue to blemish the holiness of our church today but, my space is limited. Martin Luther and untold thousands sacrificed greatly - even unto death - to break their bonds with total apostasy, but we now have fulfilled the Proverb "a dog returns to its vomit" and "a sow that is washed returns to her wallowing in the mud".

Will man never learn - God withholds the power of the Holy Spirit when man tries to substitute its power with the power of money. We must make the choice - is our faith in mammon or in God? I will now close with what Apostle Paul declared to the Galatians. "If anybody is preaching to you a gospel other than what you accepted (from Paul) let him be eternally condemned!" What you and/or your church do with this truth which has been illuminated to me, I may never know, but I do know one thing, which is another quote of Apostle Paul. With this writing, "I am guilty of no man's blood for I have told you the whole will of God as He has revealed it to me".

May God's mercy and grace continue so that we can make the final harvest the greatest of all. Let us all pray fervently for the Master of the Harvest to send more workers.

Wayne-Westland school district's disingenuous duplicity dismays Sassafras Trails supporter

To the editor:

In the beginning, five years ago, the Wayne-Westland School District unwittingly established a value of \$480,000.00 to save 10,000-year-old Sassafras Trails from bulldozing. Friends of Sassafras secured \$520,000.00 of taxpayer money from DNR for preservation. The appraisal for DNR then validated the true value at \$1,125,000.00. Conceding to a TV2 Hall of Shame appearance, and great community

support for preservation, the Board of Trustees on May 19, 1997 supported a resolution instructing then Supt. Duane Moore to finalize the DNR offer to preserve Sassafras Trails in perpetuity. They did not make a resolution to preserve only part of it.

Actual acceptance of the check was lengthily delayed by the School Administration's claim of glitches in the DNR Contract. The truth of that delay can be found in the knowledge that the District had already offered the adjacent Wilson School for sale. The 7-23-97 Galaxy Builders proposal to buy was accepted on 8-29-97. Only then, on 9-22-97 one month later, was \$520,000.00 accepted from DNR for preserving Sassafras. (Lots 567 thru 631 are deleted from DNR Title).

This timeline sale switch placed the preservation of Sassafras in danger. In this real estate plan the Wilson School had to be sold first. The DNR sale had to fall into second place. (Enter conflict between legal and unethical.) The Galaxy proposal to buy Wilson School is described as acres, 13.54 acres. This description nicely conceals the inclusion of Sassafras forested and wetland lots #567 thru #631 deliverable to the developer.

However, the School District later describes the Wilson School in the title as lot numbers 437 thru 631. That listing includes lots 567 thru 631 which are wetlands and forested, intended for Sassafras preservation. That title was delivered on Mar. 20, 1998 to Wildwood Associates One, L.L.C.

To DNR the School District describes Sassafras by 1st numbers in their Title (easement) delivered 9-22-97. School District also supplied copy of Plat map to DNR. The wetlands and wooded lot numbers 567 thru 531 at entrance to Sassafras were conveniently deleted from DNR title (easement).

The School District survey dated 10-25-96 supplied to DNR shows lot numbers on the major wildlife acreage of Sassafras Trails. The same survey does not show any lot numbers within the outlined Wilson School area. However, the Wilson School area is designated by lot numbers on the same plat map from which the Sassafras lot numbers were obtained for the offering to DNR.

In Lansing, DNR depended on the survey and plat map supplied by the School District to define the property they were purchasing for preservation. They accepted the survey and plat map in good faith. It was impossible for DNR to know that a significant part of Sassafras Trails was not being included.

Mr. Bill Schmidt, Wildlife Supervisor of DNR Real Estate Division in his inter-office memo dated 2-14-96, states that he, personally inspected the property. He surely intended that the natural water stream and heavy wooded area within lots #567 thru 631 would be destined as a major part of the DNR Purchase for perpetual preservation.

City of Westland Assessment Roll for 1998 indicates the outlined Wilson School Area on plat map had never been legally separated from the total area of Sassafras Trails. No legal requirement existed to include forested and wetland lots #567 thru #631 in

the sale to Galaxy Builders. This fact also appears in the Westland Community Schools Title Policy, Schedule B. specific requirements #3: "Captioned land appears to be assessed (with other land not a part of this commitment) ..."

School Board minutes of Aug. 18, 1997 show no discussion pertaining to the precise property being sold as Wilson School property.

The August 18, 1997 School Board Resolution to sell Wilson School describes the land only as "certain surplus property".

Was our inattentive School Board deliberately out-smarted by the Administration? Was DNR out-smarted by the School Administration and the unwitting School Board? Were all of the citizens of Michigan, who provided the money for the preservation of Sassafras Trails, also out-smarted?

Is this the kind of smarts we want to guide the education of our children?

Michael Berry's accomplishments would make a good story

To the Editor:

I felt compelled to write to inform you my good friend and a very important person in our community has recently been the recipient of two major awards recently.

Michael Berry recently received the Ellis Island Medal

of Honor. This prestigious honor is given to Americans who have served in their communities and maintained their ethnic heritage. The image of Ellis Island is the symbol of the diverse cultural identities that make up America. Mike Berry has been an icon in the Arab American and Muslim communities of Detroit. He is a leader from his early days as a lawyer to his leadership on the Wayne County Road Commission to his professional career as Senior Partner of his law

firm: Berry, Francis, Seifman Salamey & Harris (14650 W. Warren, Dearborn 48126; phone: 313-945-5100). His leadership in the Muslim community with the Islamic Center of America and other Muslim congregations was never hidden from the public. Mike is proud of his heritage and his community.

Also the Detroit College of Law at Michigan State University recently honored Mike because of his commitment to the legal profession. Mike has

been and continues to be active in many legal issues as they affect our community. This honor comes to a man who has led with intelligence, concern and the heart of a true American whose family and culture is Arab American.

I suggest your paper make time to chronicle to achievements of leaders like Michael Berry as he is an excellent role model for young people of every culture.

## '98 grad was never absent from school

By AL POST  
MCN Staff Writer

Obviously not impacted by the made for teenagers movie *Ferris Bueller's Day Off*, Chad Green, a member of the 1998 Romulus High School's graduating class, completed his 12 year school career with an astonishing record of "not having one sick day."

Green, son of Randy and Janet Green, was cited for his K-12th year of perfect attendance, with a rarely issued certificate from his Principal Dan Hurst.

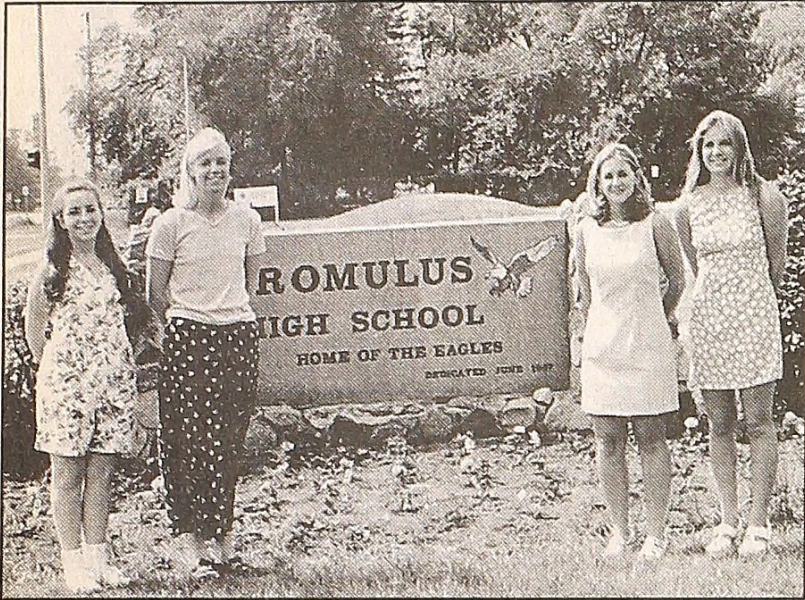

The healthy and dedicated Romulus graduate said some "luck" also figured into his record attendance in the district.

The honor student, who began at Hale Creek Elementary School and finished with a 3.587 GPA at Romulus High, said "I have always enjoyed school and obviously have been very healthy. Having a perfect attendance record is not something I strived to achieve, but just something that happened. But on the other hand, I always felt I just had to go to school."

His mother, Janet, who has worked for the district for the past five years, has missed only two days of work herself during that time.

"At times when Chad did not feel well I did not push him to go to school. He would get up, get dressed and just go to school. My husband and I are proud of him for many reasons...one of which is his perfect attendance accomplishment."

Green, who will be loading cargo at Willow Run Airport this summer, plans to enter Northern Michigan University for pre-medicine studies this September.

Romulus High's top students in 1998 included valedictorian Rebecca Oleszkowicz (second from left) and four salutatorians. From left the salutatorians and the colleges they plan to attend are: Megan Gilliland (Albany State), Oleszkowicz (Western Michigan University), Nicole Laskaska (Wayne State University) and Linda Ryznar (Albany State). Shown in the photo at the right is the fourth salutatorian Amanda Williams (Kalamazoo College), who was in Germany when the other photo was taken. MCN Special Photo

## Recharged Rockets soar to regional title Reeves' 2 HRs power Glenn into state quarterfinals

By TOM MOORADIAN  
MCN Staff Writer

It wasn't beautiful but third-year Westland John Glenn baseball coach Todd Duffield will take his first-ever Division I title anyway.

"When there's a total of 31 runs scored, you got to wonder what is happening out there," said Duffield whose recharged Rockets dismantled Taylor Kennedy 17-14 in the championship round of the Division I playoffs Saturday at Southgate

Anderson to claim the title.

"I don't think I have ever been involved in a playoffs game like this one. They get seven runs in one inning and we come back and get six in the seventh. It is kind of scary."

Duffield and the Rockets should have saved some of their 19 hits and 17 runs for Tuesday afternoon. That's when, weather permitting, they were scheduled to play Brighton, the No. 1 ranked team in the state this year.

Brighton has a phenomenal

37-2 overall record, after hammering Walled Lake Western 12-4 in their regional championship game.

Glenn's went to the state quarterfinals with a respectable 17-15 record.

"They are awesome," commented Duffield on their quarterfinal opponent's strength. "Whatever you have heard or read about them it's true. We're looking for weaknesses to exploit, and do you know what - there just aren't any."

The winner of Tuesday's

quarterfinals advances to the state semis, scheduled for Friday at Battle Creek.

The state finals will be staged on Saturday also in Battle Creek.

In the meantime, Glenn may have paid dearly for its victory over Kennedy. Slugger Tim Reeves, who drilled two homers at the regionals, may have fractured his ankle and may not be in the lineup for the quarterfinals.

Here is Duffield's explanation on the extent of the injury:

"He (Reeves) hit his foot on one of the bases the wrong way. A preliminary exam indicates Tim may have fractured a bone, and if that proves the case, we may not have him for the quarterfinals."

Duffield said he talked with his senior slugger, who told his coach he "would give it a try and see what happens."

After scoring four runs in the first inning and a single run in the second, Glenn lost the lead in the bottom of the second when Kennedy got to

Rocket starter Josh Utley for seven runs.

Utley was removed for reliever Greg McCollum, who came in and retired the side and picked up the victory, despite a cliffhanging five-run Kennedy sixth.

The hottest pitcher during the regular season, Utley has had more than his share of problems in the post season. He issued six walks and hit one batter in his brief appearance against Kennedy.

## Yauck won't get last shot

By TOM MOORADIAN  
MCN Staff Writer

Dr. Equilla Bradford on Friday said that she will not recommend that popular Robichaud Head Football Coach Bob Yauck be rehired as the varsity coach this fall.

Yauck, one of the most successful football coaches in the area, if not the state, has been with the team for the past 28 years and has coached such greats as former University of Michigan All-American and New York Giants' running back Tyrone Wheatley and Tyja Armstrong, presently with the St. Louis Rams.

"My decision is final," Dr. Bradford said. "A year ago, Mr. Yauck had asked me to allow him to coach the team one more year. We agreed. He now says that he wants to continue as coach."

"I can't allow that. I need a full-time administrator at the high school. And I feel the (teaching) staff is losing

out during the football season when Mr. Yauck is coaching."

Yauck also is the principal at Robichaud High, the only high school in the Westwood School District that serves some 2,500 students who live in the cities of Inks-

ter and Dearborn Heights.

Dr. Bradford added she will post the position this week and invite qualified candidates to submit resumes for review and consideration. She said she

## Players support coach Yauck

By TOM MOORADIAN  
MCN Staff Writer

Coaches and past and present Robichaud athletes believe that Robert Yauck should return to the team and "coach as long as he has the will to do so."

During a 20-minute meeting Friday with his coaching staff and about 50 athletes, Yauck informed the gathering about the administration's decision to fire him.

With only one known exception, most supported their "old football coach."

"He has done a tremendous job, and he probably has more players playing in colleges than anyone I know," said Devron Gray, who starred for the Bulldogs during the 1995-96 seasons.

"Most of the players are very disappointed to what they did to Coach Yauck. I don't think it's fair. It just won't be the same without

him next season. Maybe they'll reconsider."

Arthur Hudgens, Sr., whose son played for Robichaud a year ago, disagreed.

"It's time," said Hudgens. "It's time for a change. We need to focus on what is important in our schools, and that is education. Mr. Yauck has been wearing two hats for some time now, and he should give up coaching and allow someone else to take the team."

## The last hurrah Belleville falls to Glenn in semis

By TOM MOORADIAN  
MCN Staff Writer

Belleville hurler Josh Brandon on Saturday was two outs away from posting one of his biggest victories of his prep career when the Tiger defense collapsed on him.

Instead of a victory, Brandon and the Tigers digested a season-ending 6-5 loss at the hands of Westland John Glenn put the Westlanders into the regional finals.

Belleville, up by a run in the last of the seventh, fell to Glenn in the opening round of the Division I regional playoffs staged at Southgate Anderson.

In that crucial seventh, Brandon, a junior right-hander, gave up a walk to Aaron James after he got his first batter on a pop-up. Then, after James stole second, Josh Fendelet hit a grounder to

third, bobbled by the third baseman that allowed the Westlanders to score the tying run.

Now, with Fendelet on second, Brandon then gave up a single to left center to Gordie Smith, driving in the winning run.

The victory allowed the Rockets to meet Taylor Kennedy for the regional championship. (Read related story on this page.)

"These kids wanted this one and weren't going to give up easily," said Glenn coach Todd Duffield. "They (Belleville)

had beaten us during the regular season. This was payback time."

Duffield also sent a junior righthander to the mound against the Tigers. Dale Hayes, who bettered his personal pitching record to 6-2 on the year, fanned only one, walked three and gave up six hits.

Hayes managed to survive a three-run Tiger sixth when the Tigers tagged him for three of their six hits.

"I felt that he (Hayes) was still in control, despite those three runs," said Duffield of his starter. "I had confidence in him, and he came through."

In that Belleville sixth, Hayes allowed Nolan James to get aboard via a walk after one was out.

Then, Ryan Emery singled James to second, and a Greg

## 22nd annual games Anderson tourney seeks teams

Managers of softball local and area teams who want to test the waters of one of the top tournaments in the area are welcomed to register.

Officials of the Leonard J. Anderson Memorial Invitational announced this week that they can accommodate three or four more teams, preferably from the area.

"We still have a few openings, and there may be some local teams that have not received this information," said Larry Quartuccio, tournament manager. "As everyone who has followed the history of this tournament knows, this tournament is a major one and is one of the highlights of the summer softball season."

In its 22nd year, the tournament is named for and in memory of Patrolman Leonard J.

The 1998 tournament will be played three consecutive days, beginning July 17 on diamonds adjacent to the Wayne Parks and Recreation Department, Howe Road.

The tournament is cosponsored by the Wayne Parks & Recreation Department.

Jimmies destroyed Polishing/Demarini's, a club out of Pierceton, Indiana, 23-9, as Jason Riggs drilled five home runs and had five RBIs to lead the winners.

In the Harrison series, Jimmies also knocked off Watanable, 36-22, a team ranked fifth in the Great Lakes Region (Class AA). John Sampson led the winner's assault with two homers, a double and a pair of singles that produced seven runs batted in.

John Simpson collected four hits, including a homer and three singles, while Mark Matchulat laced four singles and finished the afternoon with five RBIs.

Jimmies also got three singles from Scott Hille, while Ruben Gonzales homered and

would attempt to fill the position as soon as possible.

Yauck said he was angry and frustrated over the superintendent's decision.

"She (Dr. Bradford) fired me - that's the bottom line," said Yauck. "Yes, I am frustrated. I believe I deserved more than that. I have been with this program for the past 28 years, and the teams my (coaching) staff and I have put on the field have won 75 percent of their

games. It is an outstanding record.

"And this season we should have another outstanding team. We lost only four (seniors) off of last year's team. I would like an opportunity to be with this team.

"I deserved better than I got," Yauck reiterated.

Yauck said that he met with some 40 to 50 athletes and the coaching staff and informed them of Dr. Bradford's decision. He said that the staff, en masse, resigned.

"We work as a team here, and when they heard the

rumors, which I later confirmed, they resigned - all seven of them."

One of those on Yauck's staff is his son, Bob Yauck Jr., who also has been with the program for more than 15 years. If past practice prevailed, Bob Yauck Jr. would have been the next in line for the position. However, since he, too, also submitted his resignation, it casts doubt over what the administration will do about a replacement.

Yauck reached his apex in 1990 as the Robichaud coach when, with Wheatley in his lineup, the Bulldogs

captured their first-ever Class B state football title.

Wheatley went on to star for the University of Michigan, setting an array of Wolverine rushing records before graduating. Upon graduation, Wheatley signed a NFL contract with the Giants. He is in his third year with the Giants.

During his tenure as head coach, Yauck's teams have captured 12 conference titles and reached the state playoffs five times.

Yauck was inducted last year into the Michigan High School Football Coaches Hall of Fame.

the invitational title.

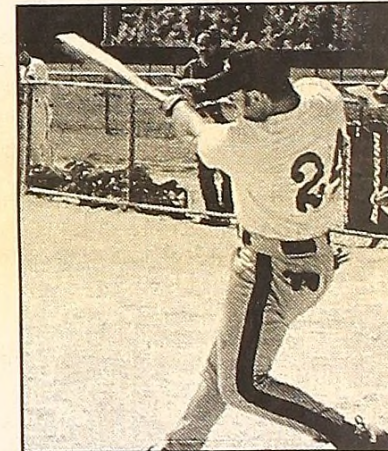

The champs also posted a 12-2 victory over Tecumseh,

Ont., turned back Clio 16-4 and 6-1, and defeated St. Clair Shores 14-8 en route to the championship.

The Wolves also had the tournament's MVP in Matt Varn, who picked up two of his team's five wins. Teammate Matt McCloud gained the final victory, and Anthony Boghosian and Joey Favor each won a game.

Other members of the team include: Adam Arbour, Alex Cowart, Kevin Doyle, Craig and Brent Eden, Michael Gruez, Billy Hardin, Andy Izeluk, Danny Lyall and Ryan Mills.

The Wolves next tournament is scheduled for June 20-25 when the team will travel to Coopertown, New York.

Westland's Jason Riggs puts one in HR orbit for Jimmies, a perennial softball power which is the host team for the annual Len Anderson softball invitational.

## Ex-Inkster star to hold hoop camp

Darryl Greene, former Inkster High and Morehead College basketball star, will set up a junior basketball camp in the city of Inkster this August.

The camp is for players between the ages of 10 and 14, who will be able to improve

their fundamental skills of basketball.

Called the Little National Basketball Association, or LNBA, players will be drafted, like in the big league, by coaches for teams which then will play a three-game schedule.

There will also be an All-Star game, a three-point shooting contest, and other skill contests.

"We hope to attract a lot of kids and help them improve their skills," stressed Greene. "It's also going to be a lot of fun, too."

Registration forms are now available at the Inkster Recreation Complex, located on Middlebelt Road, a quarter-mile north of Michigan Ave. There is a \$50 registration fee and participants will receive team T-shirts.

The camp will run from Aug. 2 through Aug. 8 from noon to 6 p.m. There is a \$50 registration fee. Players have until noon July 25 to register.

Players or prospective players who have questions may contact Greene at 1-800-825-6635.

## Year end budget shows \$750,000 surplus

By JENNY JOHNSON  
MCN Staff Writer

The second revision of the 1997-98 General Fund Operating Budget was presented to the school board last week.

Assistant superintendent for business services, Patricia Brand said this is the best estimate of where the school district will be on June 30, 1998.

Brand said the district's \$10 million in fund equity is right around the state's average.

She said there is currently a budget surplus of \$750,438.

Combined with last year's fund equity of \$9,292,597 projects the district's surplus at \$10,043,035 on June 30.

Brand also told the board that the revenue side of the budget has increased in stu-

revenue and State funded categories as well as the proceeds from the sale of Wilson School.

Expenditures have decreased because of salary and benefits decrease, a reduction in special education chargeback, food service operation supplement reduction, At Risk funding change, interest expense, utilities and a reduction in operation cost.

The board passed a resolution to amend the budget.

## Sunroof, CD would make Maxima grand

By KAREN STRONSKI  
MCN Automotive Writer

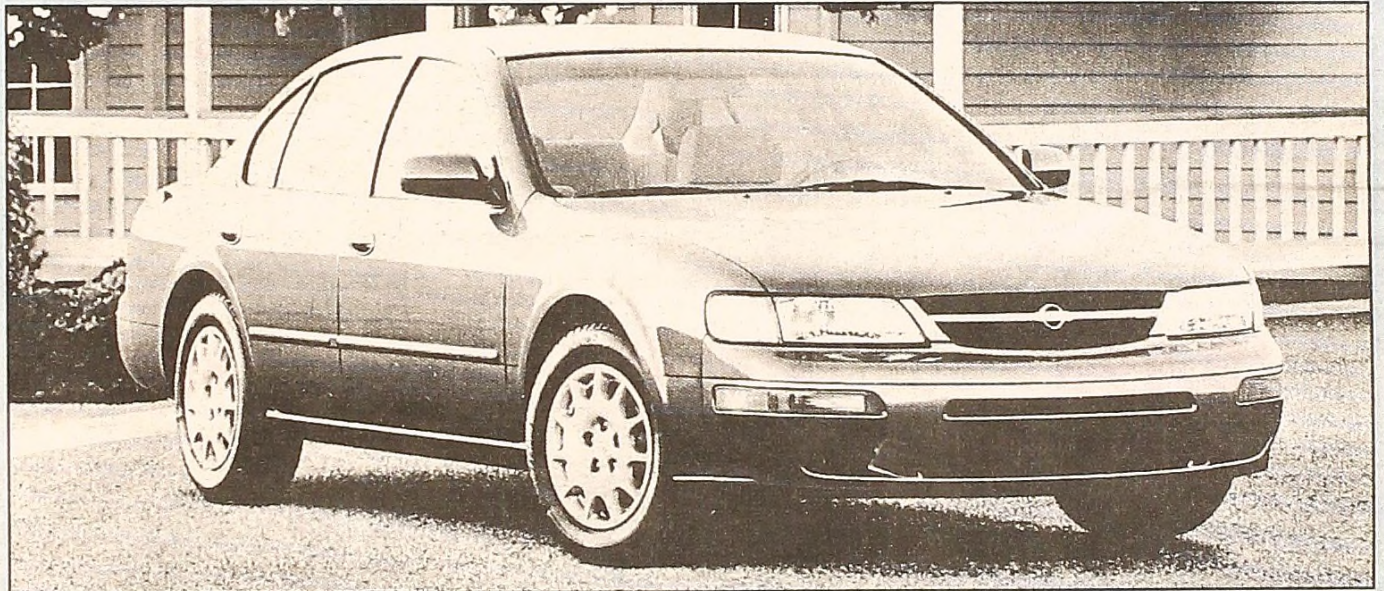

Since the introduction of the Nissan Maxima in 1981, it has been the perennial sales leader in the upper middle import sedan segment.

With the introduction of the refreshed 1998 version, the Maxima continues to set new benchmarks for style, comfort, affordability, performance, and value. However, I expected a little bit more "bang for my buck."

The GXE model that I test drove came with a vast array of standard and optional features to match the individual needs of each buyer. In addition, it has an updated exterior and interior styling. Which provides a sportier look, and a more comfortable ride.

Nissan's flagship sedan has refreshed styling for 1998, enhancing the sleek, smooth, luxurious shape. Maxima's sophisticated, yet sporty, new looks were achieved through a series of enhancements that include a new front grille (chrome on GXE and GLE), jewel like headlamps, new front and rear bumper fascias, and new taillights.

Other major exterior refinements include 16 inch aluminum alloy wheels and integrated fog light design. While in the cabin of this Maxima, you will also notice that there are some changes to the

1998 Nissan Maxima GXE

styling and comfort. The seats are a little larger, and more comfortable. And all gadgets are designed for the drivers convenience. One thing that I was not impressed with however was the stereo. The sound quality was just not up to speed.

Acceleration was at a premium, no problems when it came to taking off from a light or merging on a highway. The cabin was also void of noise, and the steering was crisp. I found the ride to be smooth, even when going through some of those wonderful Michigan construction areas that always

seem to be rather bumpy.

Maxima retains Nissan's 3.0 liter DOHC V6 engine. This powerful yet refined was named "Best Engine" two years running. It is one of the lightest, most compact engines for its displacement ever built for production use, producing a potent 190 horsepower at 5,600 rpm's.

All three 1998 Maxima models come equipped with an unexpected level of standard equipment including: a multiadjustable reclining seat for the driver, power windows and locks with one touch auto down, dual powered outside

mirrors, digital clock, tilt steering, cruise control updated larger cup holders, AM/FM stereo cassette and center console with armrest. You can also get a sunroof for a minimal cost.

I enjoyed driving this vehicle. The gas mileage was okay, about 21 miles per gallon in the city and 28 on the highway. The base price of the Maxima was \$23,249 and as tested \$24,317. Price wise, I expected a little more for the money! If they would throw in a sunroof and a compact disc player at no additional cost, I think I would have been pleased.
